

Methylcobalamin/ B₁₂ liquid

What Is It?

Methylcobalamin is an activated, highly bioavailable form of vitamin B₁₂, which acts as the principal circulating form of cobalamin in the body. It is available in liquid and capsule form.*

Uses For Methylcobalamin

Nervous System Health: In recent studies, methylcobalamin has demonstrated an enhanced ability to support neurological function. This form of vitamin B₁₂ promotes protein synthesis for maintaining healthy nerve cells and myelin. Methylcobalamin may also help to moderate levels of glutamate in the brain, encouraging healthy brain cell activity, as well as memory, mood, and cognitive function. In general, vitamin B₁₂ works with folate to promote DNA and red blood cell health. Additionally, vitamin B₁₂ is an important cofactor for energy metabolism and a vital component of the methionine synthase pathway, which supports healthy homocysteine metabolism and S-adenosylmethionine (SAME) production.*

What Is The Source?

Pure Encapsulations methylcobalamin is produced from corn dextrose fermentation. It has a naturally occurring red color that does not result from the use of artificial dyes or colors. Neither the capsule or liquid product contains added/artificial sugars or added color.

Recommendations

Pure Encapsulations recommends:

- 1-3 capsules per day, in divided doses, with meals.
- 1-3 ml daily, in divided doses, with meals.

Are There Any Potential Side Effects Or Precautions?

At this time, there are no known side effects or precautions. If pregnant or lactating, consult your physician before taking this product.

Are There Any Potential Drug Interactions?

At this time, there are no known adverse reactions when taken in conjunction with medications.

Methylcobalamin

each vegetable capsule contains

methylcobalamin (B₁₂)..... 1,000 mcg.
(hypo-allergenic plant fiber added to complete capsule volume requirement)
1-3 capsules per day, in divided doses, with meals.

B₁₂ liquid

1 ml contains

methylcobalamin (B₁₂).....1,000 mcg.
stevia.....0.5 mg.
other ingredients: purified water, natural glycerin, sodium benzoate, citric acid
1-3 ml per day, in divided doses, with meals, or as directed by your health care practitioner.
